MESA YOUNG PEOPLE SURPRISE FRIENDS BY GETTING MARRIED

MESA, July 15.—Setting their wedding date ahead 24 hours, all unknown to interested friends, Miss Ethel Morris and Mr. Edith Morris, both young people members of well-known Mesa families, went to Phoenix yesterday, where they were married that afternoon.

A simple ceremony was held, it being witnessed only by the bride's parents, Mr. and Mrs. Cal R. Morris, and the groom's mother, Mrs. Louis Ellsworth, and his sister, Mrs. E. Morris.

The bride is a popular member of the Mesa younger set and completed her junior year at the Mesa Union High school with the close of the recent term. The groom, a son of Mr. and Mrs. Louis Ellsworth, residing northeast of Mesa, has a wide circle of friends in this section. He is associated with his father in ranching.

The young couple will return to Mesa today and, accompanied by Mr. and Mrs. Louis Ellsworth and their family, a motoring party will be formed to include a visit to the Yellowstone park and various California points of interest. The expected to get away today, making a detour to Salt Lake City, and from there to the park, returning by way of San Francisco and southern California beach towns.

Weekly Holiday Today
Business in Mesa will come to a standstill today at 12:30, all stores and offices closing for the weekly observance.

Market News

NEW YORK, July 14.—Almost the only material difference between today's operations on the stock exchange and those of the preceding sessions of the week was the smaller volume of dealings and the more erratic movement of prices.

Apert from the weakness of exchange on London, which found sympathetic expression in lower rates to continental European capitals, there appeared to be no developments of sufficient importance to deflect the active list from its recent course.

Dealers in exchange ascribed the break in British bills to heavy offerings by exporters of foodstuffs who were forced to meet domestic obligations maturing tomorrow. Today's low rates for cable and demand sterling were about six cents under the high quotations of the early days of the month.

Withdrawal tomorrow of some \$20,000,000 of local treasury deposits in connection with payments on certificates of indebtedness and other obligations, caused no disturbance of call money rates, which remained firm at 8 per cent, although interior banks continued to reduce their reserves.

Supply of time money was again at the vanishing point.

Several of the high-grade coalers made substantial gains on revival of the time-worn rumor of an early distribution of "hidden assets," but final prices for steels, equipments, oils, motors and kindred issues showed a mixture of fractional gains and losses, the latter predominating. Sales amounted to \$25,000 shares.

The one encouraging news item was the report of the Lackawanna Steel company for the year's second quarter, showing profits of about \$1,882,000, against a deficit of \$233,000 in the same quarter of 1919.

Liberty bonds again wavered, but other domestic as well as foreign issues were steady.

Values aggregated \$10,575,000. Old U. S. bonds were unchanged on call.
